Kolobrzeg HarborKey

- A. Navy docks.
- B. Moorings for floating cranes when not in use.
- C. Pilots' dock.
- D. Navy barracks, in the former "See-Hospital".
100 Polish Navy personnel are quartered here.
- E. Two mobile cranes, one diesel-powered, the other electric. Each has about 10 tons lifting capacity. (not shown on sketch)
- F. Lighthouse, protected by one cannon and two machine guns.
- G. The line of the mole-head has changed, approximately as indicated by the dotted line.
- H. The long narrow mole has almost collapsed. The lighthouse is now out of line because of the change in shape of the mole.
- I. Watch tower with powerful telescopes.
- J. One vertical and one horizontal tank.
- K. Two slips, one old and one new. Capacity about 300 tons.
- L. Excavating under way, possibly for railway tracks.
- M. Old swinging crane.
